2nd International Conference on Innovative Academic Studies ICIAS 2023: edited by Umut Özkaya

Vol. 2

ISBN: 978-605-72325-3-3

As this is a serial book published annually, it has ISBN. ISBN links to a series of proceeding based on 2nd International Conference on Innovative Academic Studies ICIAS 2023. Each conference paper has also its own unique permanent DOI link (number). A digital object identifier (DOI) is a unique alphanumeric string to identify content and provide a persistent link to its location on the internet. All DOI numbers begin with a 10 and contain a prefix and a suffix separated by a slash. The prefix is number of four or more digits assigned to organizations; the suffix is assigned by the publisher. DOI should be cited in the form of full http link that includes <http://dx.doi.org/>. All articles were peer reviewed.

Please use the following format to cite material from this book:

Author, A., A. & Author, B., B. (January, 2023). TITLE OF PAPER. *International Conference on Innovative Academic Studies*, 2, pp xx-xx: DOI:<http://dx.doi.org/10.14532/asp.1.1.xxx> (update the xxx to match the article)

### **INTRODUCTION**

We had the great honor of organizing the 2nd International Conference on Innovative Academic Studies ICIAS 2023. It was truly a great pleasure for us to greet a lot of participants from many different countries attending ICIAS 2023! We firmly believe that the conference will become an important international event in the field of cross-industry discussion about innovations in Academic Studies.

ICIAS 2023 was organized by All Science Academy located in Konya, Turkey.

Three cooperating organizations supported the four-day conference. There were 388 papers accepted for presentation at ICIAS 2023, contributed from different countries. We had plenary speeches and several well-known scientists and experts, to give invited talks at different sessions.

The purpose of ICIAS 2023 was to provide a forum for the participants to report and review innovative ideas, with up-to-date progress and developments, and discuss novel approaches to the application in the field of their own research areas and discuss challenges of doing science.

We sincerely hope that the exchange of ideas on doing research, science and improving education will help the participants, and international cooperation sharing the common interest will be enhanced.

On behalf the Organization Committee of ICIAS 2023, we would like to heartily thank our cooperating

organizations for all they have done for the conference. We would also like to thank the authors for their contribution to the proceedings; the participants and friends of ICIAS 2023, for their interest and efforts in helping us to make the conference possible; and the Editorial boards for their effective work and valuable advice, especially the ICIAS 2023 secretariat and the ICIAS 2023 staff, for their tireless efforts and outstanding services in preparing the conference and publishing the Proceedings.
